About Taminco Corporation

Taminco is the world's largest integrated producer of alkylamines and alkylamine derivatives. Our products are used by customers in the manufacture of a diverse array of products for the agriculture, water treatment, personal & home care, animal nutrition and oil & gas end-markets. Our products provide these goods with a variety of ancillary characteristics required for optimal performance. We currently employ about 800 people and operate in 19 countries with seven production facilities in the US, Europe and Asia.
