NEW YORK, Sept. 23, 2013 /PRNewswire-iReach/ -- AllGreen Energy Pte Ltd ("AllGreen Energy"), through its Placement Agent TerraNova Capital Equities, Inc., is pleased to announce its offering of up to \$2,000,000 of 12% convertible Notes due October, 2015.

AllGreen Energy represents an opportunity to invest in India's rapidly growing renewable power generation industry through a strategy that encompasses the development and operation of biomass and solar power plants in regions with excellent renewable power resources but which are experiencing significant electricity shortages.

AllGreen Energy intends on becoming a significant player in the Indian renewable energy sector by developing, building, owning and operating a portfolio of renewable energy assets utilizing biomass and solar resources in a sustainable and environmentally friendly manner.

Renewable energy is a relevant topic given its environmental benefits. It's a combination of clean sources of energy that have a much lower environmental impact than conventional energy technologies.

AllGreen Energy is offering the Notes only to accredited investors who are interested in renewable energy such as biomass and solar and who have an understanding of India's energy needs.

Kamlesh Tejwani, Chairman and CEO of AllGreen Energy commented, " Recent regulatory changes have given companies like ours the ability to communicate directly with prospective
