

Dr. Jaime Ponce de Leon, a Chief Bariatric Surgeon, Joins Mexico Bariatric Center

Written by Australian Business

(PRLEAP.COM) Mexico Bariatric Center (MBC) proudly welcomes bariatric surgeon, [Dr. Jaime Ponce de Leon](#), as its newest addition to an already stellar list of weight loss surgeons. Dr. Jaime Ponce de Leon is a world-renown bariatric surgeon with over twenty years of experience and over ten years of laparoscopic experience.

Dr. Jaime Ponce has performed over 5000 bariatric surgeries, including popular gastric sleeve, gastric bypass and duodenal switch. Dr. Ponce is one the most skilled and experienced surgeons in North Western Mexico. He resides in Tijuana, the most popular destination for bariatrics, and performs all his surgeries in Tijuana.

Dr. Jaime Ponce de Leon is a Chief Bariatric Surgeon at various Baja Hospitals and is officially endorsed by the Baja California Board of Tourism. He has had training courses in United States as well as France. "Dr. Ponce can resolve any complication or incident before, during and after surgery," says Ron Elli, Ph.D. the founder of Mexico Bariatric Center.

Dr. Jaime Ponce de Leon graduated from the Saint Nicholas University Medical School, and has specialized training in the United States and France. Currently, Dr. Jaime Ponce de Leon is a member of the Mexican Association of Endoscopic Surgery, Mexican Association of General Surgery and the College of General Surgeons of Tijuana Baja California.

Mexico Bariatric Center is offering their five-night gastric sleeve package with Dr. Jaime Ponce de Leon starting from \$4,900 (for a limited time only, please inquire at www.MexicoBariatricCenter.com for more information).

What Makes Mexico Bariatric Center Successful Mexico Bariatric Center was one of the first companies in Mexico to offer single-incision weight loss surgery.
