

Esprit Wellness Announces New Full Spine Digital X-Ray Machine

Written by Australian Business

(PRLEAP.COM) New York, NY - Wellness, a [premier Manhattan chiropractor and physical therapist](#) center, is pleased to report that it now has a full spine digital X-ray machine available. This innovative machine will make it easier to diagnose spinal injuries and provide even more effective treatment through physical therapy and other techniques.

Esprit Wellness has specialized in several key areas to serve its patients, including physical therapy, chiropractic services, scoliosis, and weight loss. The doctors at Esprit Wellness are unique among New York City chiropractors in that they believe in helping patients to make a full recovery, focusing on the use of non-toxic, non-invasive, and non-surgical procedures. Machines like the new full spine digital X-ray machine, which takes full spine images in a single exposure, make it easier than ever before to quickly uncover the solutions to patients' problems.

This NYC chiropractor and physical therapy center operates under several core values that inspire confidence in its patients. According to a spokesperson for Esprit Wellness, "We practice in an environment of informed choice rooted in our core values of empathy, service, passion, respect, integrity, and teamwork." Most importantly, the organization boasts high patient satisfaction, which can only come from a consistent track record of quality results and great service.

About Esprit Wellness For more than 15 years, Esprit Wellness has been doctor owned and operated, ensuring that the ones with a financial interest in the company's success also have a vested interest in providing great and lasting results to their patients. On top of the new digital X-ray machine, Esprit Wellness offers cutting edge treatments and equipment for an elite level of care, including active release therapy, acupressure massage, stimulation pain therapy, and more. With meaningful core values and unparalleled expertise, Esprit Wellness is a great choice for anyone who's looking for quality Manhattan physical therapy and healing.
