(AJM) offers 24/7 worldwide air ambulance transportation. With more than 30 years of combined experience in aviation medicine, AJM arranges all aspects of transportation to include coordinating the insurance approval process.

Our experienced and diverse air medical teams utilize state of the art medical equipment to provide all levels of patient care from private air escort to critical care. With multiple aircraft bases in Arizona, Florida and Texas, AJM is able to match the most appropriate aircraft and level of medical care to meet the patient's specific needs.

AJM's President, Danielle Wilson states "I am so excited to be part of this venture and believe that our companies share proven past performance with unique and synergistic qualities which will establish AJM as an industry leader. In today's fiscally-driven healthcare environment, AJM's mission and focus will remain on providing the most cutting-edge and compassionate care to our patients."
