

[Periodontist and implant specialist, Bitam Fayz, DDS, MS](#)

([PRLEAP.COM](#)) Periodontist and implant specialist, Bitam Fayz,

DDS, MS, has announced the launch of a new, patient-focused website. Dr. Fayz's practice is utilizing the website to educate the community on the importance of oral health. The homepage includes a NobelSmile Advisor as well as a [frequently asked questions](#)

page to address common concerns on topics ranging from oral hygiene to difficult dental procedures.

"Patients can have immediate access to information just by scanning the pages of my website," says Dr. Fayz. "Now days, dental implants are changing the way people live. Our goal is to facilitate patients search and provide them with accurate information. We want them to utilize this website as a resource."

"This site provides you with an overview of the practice and the field of periodontics. As you navigate through the files you'll find information about Hyde Park Periodontics and Implant Solutions, its location, insurance policies and appointment scheduling. You will have access to lots of valuable information regarding [dental implants](#), periodontal disease, diagnosis and treatment. We believe that informed patients are better prepared to make decisions about their health and well-being." Some of the services offered by Dr. Fayz include:

Periodontal Examination Scaling and Root planning Pocket elimination Gingivectomy/Frenectomy Crown Lengthening Cosmetic periodontal surgery Soft tissue grafting/Root coverage Bone grafting Periodontal osseous surgery Ridge Augmentation Extractions Ridge preservation Dental Implants Sinus lift Vestibuloplasty Biospy Current and prospective patients will now have access to information about dental implants through helpful dental links, an office tour, and other informative content when they visit the website. "I believe it is important to choose a dentist that is right for you. " Dr. Fayz works closely as a team with your referring dentist. She is committed to providing the time, care and professional expertise that you, as a patient, deserve.
