Leading facial plastic surgeon in San Francisco Dr. David Kim is pleased to announce the release of his new website:

<http://dwkimmd.com>

. The new site was created to provide more resources for his patients seeking face and neck surgery.

Dr. Kim's new website offers a great deal of information about facial plastic surgery and the procedures and treatments offered at his practice. Patients can learn about the many surgical and non-surgical options for facial rejuvenation. A number of photo galleries are also available so patients can browse before-and-after images of Dr. Kim's most popular procedures. Patients can also access new patient forms to fill out prior to their initial consultations. Appointments can now be requested online and Dr. Kim also offers virtual consultations. With this new information available, patients around the country can decide which option is most convenient for them.

San Francisco patients can also learn about Dr. Kim's award-winning rhinoplasty on the new website. Dr. Kim performs cosmetic, revision, and functional rhinoplasty. He is also currently participating in medical research to advance functional and cosmetic nose surgery. Dr. Kim's new site details the years of training, education and experience behind his renowned surgical work.

### More About Dr. Kim

Dr. Kim has a strong dedication to "natural beauty" and achieving results that enhance a patient's looks rather than change their appearance entirely. He is a double-board-certified facial plastic surgeon in San Francisco and a Fellow of the American College of Surgeons (FACS). After completing his B.A. in human biology at Stanford University, he received his M.D. and completed his surgical residency training in otolaryngology at the University of California, San Diego School of Medicine. Dr. Kim is regarded as one of the best surgeons for [facelift surgery](#), [toplasty](#), and [rhinoplasty in San Francisco](#).
