) Anaheim, CA - Every day people use the Internet to search for useful information. Minh Dinh, D.D.S., is reaching out to prospective and current patients with an interactive website.

Cosmetic and general dentist, [Minh Dinh, D.D.S](#) ., has announced the launch of a new, patient-focused website designed to educate the community on the importance of maintaining good oral health. The website includes a section on preventive health practices, such as suggested frequency of dental visits, x-rays and sealants, and how to prevent cavities from forming. Users also have access to forms and finance information. Prospective patients can familiarize themselves with Dr. Dinh's practice, staff, and available procedures before they walk in for the first time.

Dr. Dinh explains, "I want my patients to feel comfortable with the level of service I provide, and that includes the treatment recommendations I give them. I have made procedural and full-mouth health information available on my site so that patients can feel good about their expectations and treatment plan."

The website possesses interactive attributes including educational videos and a free [cosmetic dentistry](#)

Smile Gallery feature to help patients make better informed decisions about their oral health. Current and prospective patients now have access to information about providers, money-saving promotional services, and other informative content when they visit the website. Some of the services offered by Dr. Dinh include:

Porcelain Crowns and Caps, Inlays and Onlays, [Zoom! Whitening](#) , and Porcelain Veneers
Periodontal Disease Treatment Restorative Dentistry Services

The website also utilizes extensive search engine optimization techniques to reach patients and local consumers who are seeking out relevant information about cosmetic and general dentistry in Anaheim.

"Part of our role as dentists is that of an educator. The more we educate our patients, the better they are able to achieve and maintain a healthy smile. Establishing a website for our practice adds another layer of service to our patients to facilitate the best treatment possible", Dr Dinh adds.

About Minh Dinh, D.D.S. Dr. Dinh attended the University of California, Los Angeles (UCLA) and received a degree in biology. She went on to receive her doctorate of dental surgery from Northwestern University School of Dentistry in Chicago in 1988. She opened her practice in Garden Grove a year later and re-located to Anaheim in 1995. Dr. Dinh is a member of the American Dental Association, The California Dental Association, Orange County Dental Association, and the California Association of Vietnamese-American Dentists. She aims to teach her patients best oral health care practices in a gentle, judgment-free environment.
