[Marrero dentists launch new website to educate the community on dental related topics.](#) ( [PRLEAP.COM](#) ) The [Marrero, LA dentists](#) at Signature Smiles Dental, have announced the launch of a new, patient-focused website which their practice is utilizing to educate the community on a variety of dental related topics. The website includes a links page with informative dental resources as well as a frequently asked questions page to address common concerns on topics ranging from oral hygiene to difficult dental procedures.

"I believe our website provides answers to many people's dental questions," says Dr. Bent. "It's an easy and convenient way to look up information without having to call a dental office first."

The website possesses interactive features including educational videos and a Smile Gallery tab showing [before and after dental procedure](#) pictures to help patients make informed decisions about their oral health. Current and prospective patients now have access to our dentist bios, an office photo tour, and detailed procedure information. Some of the services offered by Marrero dentists Drs. Bent and Katz include:

Cosmetic Dentistry Family Dentistry Dental Implant restorations Teeth Whitening "I hope our website makes patients feel more at ease about scheduling an appointment," stated Dr. Bent. "Our site offers details about us as dentists and pictures of the office so new patients can know a little bit more of what to expect."
