Stained teeth, chipped teeth, teeth that are worn and teeth that are misaligned can all cause significant problems with a person's self-confidence. Treatments can include teeth whitening to whisk away stains, porcelain veneers to conceal flaws, Invisalign to straighten teeth, dental bonding for cavities or minor cosmetic issues and dental implants to replace missing teeth. Each smile is as unique as its owner, and Dr. Sands takes the time to design the best smile for each patient, and takes special measurements and images to ensure that each patient has access to the smile of his or her dreams.

Dr. Kevin Sands is one of the area's top cosmetic dentists. He is a graduate of the University of Southern California's

School of Dentistry and the prestigious Las Vegas Institute for Advanced Dental Studies for Advanced Anterior Aesthetic Dentistry. Dr. Sands is a member of the California State Dental Association, the American Academy of Cosmetic Dentistry and the Academy of Cosmetic Dentistry. His office features flat screen TVs, a selection of DVDs, nitrous oxide for comfort, laser treatments for faster treatment and easier recovery and massage therapy for the comfort and well-being of his patients.
