

DALLAS, February 23, 2014 /PRNewswire/ --

ReportsnReports.com offers Global Homeland Security & Public Safety Market - 2014-2022 and Saudi Arabia HLS and Public Safety Market - 2014-2018 research reports in its store.

Global Homeland Security & Public Safety Market - 2014-2022 is the most comprehensive homeland security market report providing information by and on 25 technology markets (biometrics, big data, etc), 15 vertical markets (aviation security, safe cities, etc), 38 countries, revenue source (sales, upgrades, service, planning) and end customer (govt bodies, private sector). This research forecasts the [HLS & public safety market](#) to reach \$546 billion by 2022.

Report (<http://www.reportsnreports.com/reports/275087-global-homeland-security-public-safety-market-2014-2022.html>) Findings Include:

- **Aviation Security:** This market which was dominated by the U.S. and the EU during 2002-2012, will be overtaken by China and the Gulf states during the 2014-2022 period. These regions will combine to a market share of more than 60% of the global sales of the new aviation security systems and devices.

- **Big Data:** The HLS & Public Safety related Big Data technology market is forecasted to grow at a 2014-2022 CAGR of 37%, the fastest growing HLS & Public Safety technology sector. The U.S. market share is 51% while the EU market share is forecasted to take more than 21% of the market.

- Cross-border illegal immigration, organized crime, smuggling of goods & narcotics, and terror are the main drivers of the **land border and maritime security** markets growth.

- **Safe Cities:** As you read this preview, over 2300 municipalities around the globe are executing or planning their Safe City projects to enhance civilian security, safety, local economy and quality of life. A Safe City price tag ranges from \$billions (e.g. Dubai \$2.3 billion

Guangdong Province "Safe City Corridor"

\$6 billion

) down to a few \$millions for a community "Safe City" project.

- According to recent reports (e.g., the UN) climate related natural disasters grew during the recent decade by more than 13%. The **Natural Disasters Preparation & Response** equipment cumulative 2014-2022 market is forecasted to surpass the \$150 billion level.

- **Cyber Security**: Driven by Cyber-Terror and Cyber-Crime, the Cyber Security 2014-2022 market is forecasted to be the largest HLS & Public Safety technology sector, with cumulative sales of more than \$700 Billion.

Why Buy Global Homeland Security & Public Safety Market - 2014-2022 Report (<http://www.reportsnreports.com/Purchase.aspx?name=275087>)?

□□□ **A. This is the only report that addresses the HLS & Public Safety dual-use markets** 87% of the HLS & Public Safety industry revenues emanate from dual-use products. For example, Cybersecurity systems are used to address both Cyber-crime and Cyber terror. Decision makers forming their strategy need a complete view of this overlapping market both independently and in their intersections.
