) has announced the addition of the

["Concise Analysis of the Chinese Human Albumin Industry"](#)

report to their offering.

(Logo: <http://photos.prnewswire.com/prnh/20130307/600769>)

'Concise Analysis of the Chinese Human Albumin Industry' is a professional and in-depth research report on the human albumin industry in China.

The report provides basic information on the human albumin industry including definitions, classification, application, working principle and industry chain structure. Information is also given on competition patterns, market status, development trends and industry policy analysis. Human albumin manufacturing process and cost analysis is carried out looking at issues such as product specifications, equipment overview and technical trends and difficulties. Capacity, production, demand, shortage and cost price production value, and import/export consumption figures are provided.

The report also focuses on 33 industry manufacturers allowing for a complete insight into the market's key players. Finally, this report introduces a 200K Bottle/year human albumin project and discusses feasibility and possible investment return as well as offering overall research conclusions.

With 277 tables and figures the report provides key statistics on the state of the market. This resource facilitates customers in development planning and investment decision-making in the human albumin industry.

Key Topics Covered:

1 Human Albumin Industry Overview

2 Human Albumin Manufacturing Process and Cost Analysis

3 Human Albumin Production Supply Sales Demand Market Status and Forecast

4 Human Albumin Key Manufacturers

5 Human Albumin Project Investment Feasibility Analysis **Companies Mentioned:**

- Baxter
- Beijing Tiantan Biological Products
- Biotest
- CSL Behring
- Greencross
- Grifols
- Guangdong Shuanglin
- Guangdong Weilun Biology Pharmacy
- Guizhou Taibang Biological Products
- Guizhou Zhongtai

Concise Analysis of the Chinese Human Albumin Industry
