

Aspen Dental Opens New Practice In Cumming, GA

Written by Australian Business

SYRACUSE, N.Y., March 5, 2014 /PRNewswire/ -- A new [Aspen Dental](#) office is opening in [Cumming, GA](#)

on

Thursday, March 6

. Located at 1530 Market Place Blvd, the conveniently located practice will provide [dental services](#)

that range from dentures and preventive care to general dentistry and restoration.

Dr. Kamran Chowdhury, lead dentist at the Cumming office, received his Doctor of Dental Surgery (DDS) degree at [New York University](#)

College of Dentistry in 2006. Dr. Chowdhury looks forward to meeting the Cumming

community and providing much needed access to high-quality dental care and education.

The Cumming practice, located in Forsyth County, marks one out of eleven Aspen Dental-branded locations in [Georgia](#), a

state where 72% of the counties have dental health professional shortage areas as designated by the

[U.S. Department of Health and Human Services](#)

According to a [study](#) conducted in 2013 by Syracuse University's Whitman School of Management, each new Aspen Dental-branded office supports local community growth by contributing more than [\\$1.3 million](#)

in positive economic impact through job creation and capital investment. The local community benefits through investment in office construction, furniture and fixtures; jobs created and wages and benefits paid; taxes; and investment in marketing and advertising.

In addition to offering patients the choice of seven styles of Aspen Dental's exclusive [ComfiDents](#)[®]

brand full and partial dentures, Aspen Dental will provide comprehensive exams, hygiene services, treatment of periodontal (gum) disease, extractions, fillings, oral surgery, whitening, and crown and bridge work. The office features digital radiography and offers advanced

screening for oral cancer.

At this new Aspen Dental-branded practice, dentists and staff provide:

- **Personalized treatment and friendly service.** Quick-fix solutions don't solve larger or chronic oral health problems. That's why the caring dentists at Aspen Dental take a comprehensive approach to dental care. Following the initial exam and X-rays, each patient receives a customized treatment plan designed by the dentist with long-term oral and overall health in mind.
- **Affordable care and flexible payment options.** Cost shouldn't prevent patients from getting the dental care they deserve. That's why Aspen Dental offers special promotions, senior discounts, and free new-patient exams and X-rays for patients without dental insurance. The practice works with all insurance providers and handles the paperwork, saving patients time and hassle.
- **Convenient hours and location.** The office will be open extended hours, including evenings and select Saturdays, so that patients can see the dentist at a time that works best for their schedule. Walk-in and emergency patients are welcome.
- **Variety of options for denture patients.** [ComfiDents®](#) full and partial dentures come in seven styles; giving patients more options than are available at traditional dental practices. Regardless of the denture selected, each is custom-crafted, and the dentist works with every patient to ensure proper fit and comfort. As an added convenience, Aspen Dental has its own on-site [denture laboratory](#), which helps facilitate quick turnaround for denture repairs, relines or adjustments. Free denture consultations are available for all denture patients.

To make an appointment, patients can call (989) 546-5873 or 800-ASPEN DENTAL (800-277-3633), or visit www.aspendental.com

About Aspen Dental Aspen Dental is one of the largest and fastest-growing networks of independent dental care providers in the U.S. with more than 400 practices in communities across 27 states. As part of its mission to provide America with a healthy mouth, Aspen Dental is providing millions of Americans with access to quality, affordable dental care. Every Aspen Dental-branded practice offers a full range of dental and denture services – including comprehensive exams, cleanings, extractions, fillings, periodontal treatment, whitening, oral surgery, crown and bridge work.

Aspen Dental Opens New Practice In Cumming, GA

Written by Australian Business

In 2013, Aspen Dental-branded practices recorded nearly 2.9 million patient visits and welcomed more than 600,000 new patients. The dentists and staff at Aspen Dental-branded practices have a deep commitment to patient satisfaction, and every Aspen Dental location is accredited by the Better Business Bureau.

Aspen Dental practices are supported by Aspen Dental Management, Inc., a dental support organization that provides non-clinical business support to licensed, independent dentists.
