) Mountain View, CA, 5/7/2014 – Dr. Samuel Pearl and the entire staff at Pearl Plastic Surgery Center in Mountain View, CA, are pleased to announce the launch of their improved website, located at

<http://www.pearlmd.com>.

Changes were made to the website to provide a better user experience and offer more information to Bay Area plastic surgery patients.

Dr. Pearl's website is an extensive resource for men and women who are interested in learning more about plastic surgery procedures of the face, breast and body. Visitors have access to pages of material about each procedure Dr. Pearl offers, such as facelift, liposuction and breast augmentation. They can also browse the wide range of skin care products and treatments offered at the Pearl Skin Rejuvenation Center.

Dr. Pearl hopes that the website will now serve as a better tool for current and prospective patients. Changes were made to better showcase Dr. Pearl's informative videos and articles about the latest in plastic surgery. Popular sections of the site include a before and after photo gallery, and an "In the Media" section which highlights Dr. Pearl's community recognition.

Dr. Pearl and his team sought out these updates to simplify the site and make it easier to find information about any of the cosmetic procedures offered at their practice. Improved web forms also encourage patients to schedule a consultation with Dr. Pearl at their convenience.
