

Sydney Weight Loss Clinic Launches Updated Website for Bariatric Patients

Written by Australian Business

(PRLEAP.COM) **May 13, 2014 - Sydney, Australia** - The Advanced Surgicare Clinic in Sydney, Australia is announcing its launch of a robust online marketing campaign that is designed to grasp the attention of local patients. Practice owner Dr. Kuzinkovas hopes that the new strategy will better educate potential patients on the various types of bariatric surgical procedures available.

The Sydney clinic offers various surgical weight loss and obesity procedures for patients that just can't get the results they went through traditional dieting and exercise. Some of the procedures offered by the clinic are [gastric bypass](#) , [gastric sleeve](#) and [gastric banding](#) . To learn more about these procedures patients can utilize the various resources on the site. Here patients will find information on general health, what's involved in the different types of procedures, pre and post-operative information as well as the necessary [qualifications for bariatric surgery](#)

Advanced Surgicare has practices located throughout the Sydney area and offers interactive maps so patients can easily find a nearby location. Patients can call the practice at their convenience to schedule a consultation with Dr. Kuzinkovas or choose the option to actually [speak with actual patients of Advanced Surgicare](#)

. Anyone that is considering undergoing some form of surgery should be confident with their decision which is why Advanced Surgicare offers these unique benefits to patients in Sydney.
