) May 14, 2014 - Dr. Melinda Lacerna and the entire team at LA Plastic Surgery are pleased to announce the release of the practice's new website,

[www.drlacerna.com](http://www.drlacerna.com)

. The new website serves as a comprehensive resource for men and women seeking plastic surgery throughout Sarasota and Bradenton, Florida, and surrounding areas. Dr. Lacerna has launched this website to help patients stay connected with the practice, even when outside of the office.

As an experienced female plastic surgeon, Dr. Lacerna performs a wide range of breast, body contouring and facial plastic surgery procedures. The details of these procedures, including [breast augmentation](#)

, liposuction, tummy tuck and mommy makeover, are explained on the new pages of the website. Men and women who are interested in cosmetic enhancement can learn about the candidacy, risks, benefits and recovery time, before even scheduling their first consultation. Dr. Lacerna is pleased to educate patients on all of their treatment options so they can make the best decision for themselves.

The updated website also features a before and after photo gallery with pictures of Dr. Lacerna's real patients. Prospective patients can see the real results that Dr. Lacerna has been able to achieve and form realistic expectations regarding the outcome of their own procedure.

Lastly, individuals who visit the website can get to know more about Dr. Lacerna, including her education, training, experience and treatment philosophy. Dr. Lacerna is confident that as patients get to know more about her and her expertise, they will feel more comfortable about pursuing treatment at her state-of-the-art Sarasota and Bradenton plastic surgery locations.
