

Dr. Richard Norden of Aesthetics by Norden Launches New Website

Written by Australian Business

(PRLEAP.COM) May 28, 2014 - Dr. Richard Norden and the team at Aesthetics by Norden in Bergen County, New Jersey, are pleased to announce the release of the practice's latest website, www.aestheticsbynorden.com . Dr. Norden has launched this website to showcase the many advanced, non-surgical rejuvenation treatments that he offers.

Aesthetics by Norden's new website is a comprehensive resource for men and women throughout Northern New Jersey who are seeking non-surgical fat reduction and minimally invasive facial rejuvenation treatments. Current and prospective patients can read about the candidacy, risks, benefits and expected outcomes of some of the most effective treatments currently on the market, including [CoolSculpting](#) , [Vanquish](#) , and [Exilis skin tightening](#) . They can also browse through before and after photos to see the real results that the Aesthetics by Norden team is able to achieve.

Individuals who visit the site can also learn about the qualifications and experience of Aesthetics by Norden's team. After running a successful laser eye surgery practice for more than 20 years, Dr. Norden saw a high demand amongst his patients for minimally invasive rejuvenation procedures. To meet the needs of his patients, he assembled a team of experienced aestheticians who are skilled in these procedures. Dr. Norden hopes that sharing the background of his aesthetics team will help more patients feel comfortable about pursuing treatment at his Ridgewood, New Jersey practice.

Website visitors can also stay up to date on the latest news from the practice and the latest procedures available by browsing through the Aesthetics by Norden blog.

Lastly, they can use the website to conveniently schedule a consultation online.
