

Fab Glass and Mirror Introduces Line of Colored Glass Table Tops

Written by Australian Business

(PRLEAP.COM) [Fab Glass and Mirror](#) , a Columbus Ohio-based manufacturer and distributor of glass and mirror products, has announced its line of colored glass table tops. These pieces are sold exclusively by Fab Glass and Mirror, and are available in a range of colors to suit every buyer's individual tastes.

The line, which is exclusive to the company, offers round table tops in a variety of sizes to meet the needs of its customers. The unique colors and tempered edges make these table tops a unique alternative to traditional clear glass tables. These colored pieces are stain-resistant, making them ideal for everyday use in any setting.

Available in black, red, white, blue and green, these table tops can be used for either homes or offices to add color to any existing décor. Each piece has a flat polish, and the range of sizes allow these accent pieces to fit virtually any size of round table. The sizes start at 20 inches diameter, and go up to 40 inches. These colored table tops have a 3/8 –inch thickness for added durability.

Each piece is designed to meet the highest quality standards, and Fab Glass and Mirror offers 100 percent satisfaction for each of its colored table tops. The prices for each of the colored options are guaranteed to be the lowest in the country, making these tabletops affordable for any budget. Fab Glass and Mirror offers same-day shipping and free shipping for orders over \$50 for the colored table tops, as well as all of its other product offerings. You can find the company's full selection of glass and mirror products on its website, www.fabglassandmirror.com
