include college-educated instructors that teach a wide range of exciting projects from resin, paper & wool felted beads, copper etching, stamping & dapping metal, hair jewelry, wire work and so much more! No matter where you are in the Bay area, there is sure to be something close by for you to check out be it in Burlingame, Marinwood, Mountain View, or South San Francisco.

This year, Dragonfly Designs is excited to offer camps and classes that don't just focus on jewelry making, but multicultural and bilingual pursuits as well. Aside from the jewelry focused camps, campers also have a choice of going to a camp with a focus in Mandarin, Spanish, or even taking your love of jewelry a step further in learning how to run your own business! For boys and girls ages 5 and up, a day at camp includes everything from art projects, music and games to yoga, jewelry projects and more! Our camps are so popular kids come back again and again to experience the diverse opportunities we offer. Owner, creator and teacher Stacey Gillelen says:

"We are so excited to be starting up our summer program again this year. We already have so many repeat clients signed up to come back and see what we're going to do this time around – they say it is their favorite camp of the summer! We feel so proud of that and are also excited to meet all the new families that come our way. We have a little something for everyone this year, including the newly expanded bilingual programs, which are rich with fun activities. We can't wait to see everyone at camp!"

Dragonfly has weeklong camps available with full, half or single day options. The following are all of the themed camp options to choose from: [Jewelry Making Camp](#) [Mandarin Bilingual Camp](#) [Spanish Bilingual Camp](#) [Design](#)
