POWAY, CA, September 12, 2013 **/24-7PressRelease/** -- STM Bags announced the launch of three stylish, protective and innovative cases for the new iPhone 5/5S and 5C: the harbour 2, the catch and the grip. The new cases are defined by their incredible attention to detail and unique functionality.

"We strive to create a case that compliments the sleek form factor of the device while protecting it from everyday mishaps," explained, co-founder Adina Jacobs. "It's almost a shame to cover them with a case. So we make sure to add functionality and some style of our own to compliment the protective requirements"

**Safe harbour for your iPhone 5/5S and 5C** The harbour 2 incorporates a unique hinge design, enabling seamless removal, insertion or docking of your iPhone. Also a nifty stand function props the phone up on a tabletop. Sleek and super lightweight, this innovative case is available in four colours (black, green, purple, grey). MSRP \$30 (USA)

**Catch as catch can for your iPhone 5/5S**The catch is the coolest way to carry your phone along with a credit card and ID. The catch is the ultimate solution when you want to travel light, fast and protected. Designed to fit both the iPhone 5 and 5S, the catch is available in four colours (black, grey, white, purple). MSRP \$35 (USA)

**Get a grip for your iPhone 5/5S and 5C**The grip for iPhone 5/5S and 5C is a protective phone case with a unique soft touch finish and grippy texture for a secure and comfortable carry. Available in multiple colours, the grip allows for easy access to all ports and tough polycarbonate plastic shell protects your shiny new iPhone from bumps and scratches. Super svelte design accentuates the slim silhouette without adding extra bulk or weight. MSRP \$20 (USA)

STM has also partnered with RewardTag , a unique program that protects your gear in case of loss. With every STM purchase, you now receive a FREE RewardTag sticker to affix to your device or bag. By creating your own reward online the finder of the lost item now has a good incentive to return it. For more information, head to [stmbags.com/rt](http://stmbags.com/rt).
