

Harris Seeds Publishes the 2013-2014 Ornamental Growers' Plug Liner Catalog

Written by Australian Business

ROCHESTER, NY, September 12, 2013 **/24-7PressRelease/** -- Harris Seeds has published the 2013-2014 Ornamental Growers' Plug & Liner Catalog. This 168-page catalog features an extensive selection of annual and perennial ornamental plugs and liners for bedding plant, container and cut flower sales.

Customers will find thousands of products, including the latest introductions from the world's top flower breeders. Harris Seeds' suppliers for 2014 are C. Raker & Sons, Gro 'n Sell, Plug Connection, Four Star Greenhouses, Pleasant View Gardens, Mast Young Plants, De Groot, and Garden Galleries. Standout varieties for 2014 include Superbells Pomegranate Punch calibrachoa, Surfinia Heavenly Blue petunia, Let's Dance Rhapsody Blue hydrangea, Cartwheel Strawberry Twist gerbera, the Great Balls of Fire geranium series, and the Sunbelia™ series of lobelia.

The catalog features captivating succulents and tropical plants, foliage for color and texture, market leading Proven Winners varieties, multi-liners for wonderfully blended creations, and QuickTurn liners for fast finishing times.

Special programs offered throughout the year include Fall Garden Chrysanthemums, an Exclusive 51 Strip Vegetable Program, Poinsettias from Raker, and Clematis and Flowering Vines from Spring Valley.

Vegetable growers can choose from a selection of vegetables including grafted vegetables, organic vegetable plugs, and versatile herbs and fruit plants.

Order forms are available on the Harris Seeds website at <http://www.harriseseeds.com>. If growers prefer a print catalog in the mail, they can request one online or call (800) 544-7938.

The Harris Seeds Company began long ago in 1879 in the fertile Genesee Valley of Western New York. Over the next century, it became a leader in the development and distribution of flowers and vegetables for the home garden and professional grower marketplace. Located in Rochester, New York, the company specializes in high quality vegetable and flower seeds, plants and growing supplies. The company publishes over 500,000 catalogs every year, serving the home gardener and professional grower. Quality has been the hallmark of Harris Seeds for over 132 years. It was the very first company in America to test for quality germination and print the results on every package of seed sold. Harris Seeds places extreme importance in providing the finest products available, coupled with service that goes unmatched in the industry.
