

## Dental Wellness of Westchase Offers Invisalign For Patients in Tampa

Written by Australian Business

---

TAMPA, FL, September 12, 2013 **/24-7PressRelease/** -- One of the top complaints of patients who need cosmetic dentistry is that they really don't want to have to wear ugly, bulky braces. This is especially true for adults who have passed their "awkward" childhood phase and don't want to go back. Dr. Creech-Gionis of Dental Wellness of Westchase knows these concerns all too well, which is why she's excited to announce the availability of Invisalign for patients at her Tampa, FL dentist office.

Invisalign is a revolutionary method of straightening crooked or crowded teeth. The system requires a patient to wear a series of trays that are uniquely sized to fit the mouth. Each tray is made of a clear acrylic material that fits comfortably over the surface of each of the teeth and helps move them gently into the desired position. Tampa dentist, Dr. Creech-Gionis, specializes in using this system to give patients great smiles. Unlike standard metal braces, which can take years to finish working, and aren't always effective, an Invisalign treatment could straighten the teeth in under a year.

"Invisalign is an amazing innovation in cosmetic dentistry. It simplifies the process of straightening the teeth and shortens the time to achieve that perfect smile. My patients are so happy that they can achieve and maintain a beautiful smile without going through the complex process of being fitted for metal braces," said Dr. Amy Creech-Gionis, a popular Tampa Invisalign dentist.

Dr. Creech-Gionis, dentist in Tampa, formally invites all residents with cosmetic dental problems, including but not limited to misaligned teeth, gaps, spacing and crowding, to call her office, Dental Wellness of Westchase or visit <http://www.dentalwellnessofwestchase.com/> to make an Invisalign appointment today. A great, straight smile is just a consultation away.

About Dental Wellness of Westchase: Dr. Amy Creech-Gionis, dentist in Tampa, FL, is a native Floridian. She attended Stetson University, earning her Bachelor of Science degree with a major in Biology and minor in Chemistry. She went on to attend the University Of Florida College Of Dentistry, graduating in the top 10% of her class. She began practicing dentistry in Tampa in 1995, and lives in the Westchase area with her college sweetheart and husband of 15 years, Steve, and their four children. If you ask her, Dr. Creech-Gionis will tell you she can't remember ever wanting to do anything but be a dentist, and her passion and love for the profession is evident in the way her patients are cared for. Her burning desire is to provide the very best dentistry has to offer, with the most up-to-date techniques and materials. Your comfort is paramount to her and her staff, and they take great measures to provide a relaxing, gentle and satisfying experience, every time. At Dental Wellness of Westchase, patients can receive anything from dental implants to Invisalign in Tampa.
