

LAKEVILLE, MN, September 13, 2013 /24-7PressRelease/ -- Verified Credentials, Inc., the leader in background screening since 1984, announced today a new [technology partnership](#) with iCIMS, a leading provider of Software-as-a-Service (SaaS) talent acquisition software solutions for growing businesses.

Connecting with the iCIMS Talent Platform , Verified Credentials' customers can leverage efficiency of recruitment and onboarding tools with an integrated background screening process. iCIMS Talent Platform, a comprehensive candidate management solution, allows Verified Credentials to integrate with an entire suite of talent acquisition services, from sourcing, to recruiting, and to onboarding.

The unified view of Verified Credentials' background checks within the iCIMS Talent Platform streamlines talent acquisition for busy HR professionals. Customers benefit from dispensing with duplicate data entry while also consolidating all aspects of the hiring process in one web-based application.

"iCIMS is a recognized leader in the talent acquisition industry, and we are excited to present our customers with improved process efficiency that will ultimately reduce their time-to-hire," said Tim Davis, Sr. Vice President of Operations at Verified Credentials, Inc. "With the launch of this partnership, we look forward to improving the daily routine of our customers with a pre-integrated setup, including access to our background screening solutions and other iCIMS tools from one centralized location."

"We're looking forward to our partnership with Verified Credentials," said Susan Vitale, Chief Marketing Officer at iCIMS, Inc. "We're passionate about providing seamless integrations that give our customers more options and quicker results. Now our clients will benefit from our best-of-breed talent acquisition tools coupled with a variety of background screening tools provided by Verified Credentials."
