

Age in Place (AIP) Custom Builders is Announcing a Partnership with Callahan Peters, Inc.

Written by Australian Business

CHICAGO, IL, September 13, 2013 **/24-7PressRelease/** -- Age in Place (AIP) Custom Builders is announcing a partnership with Callahan & Peters, Inc. of Glenview, IL, which will expand both AIP's service area and the network of CAPS-certified, award winning custom homebuilders and remodelers.

Integrity and quality are the two definitive qualities that exude what Callahan & Peters, Inc. stand for. David Callahan, CR and Nicholas (Nick) A. Peters, CR have over 30 years' experience instilling these qualities into each of their projects.

In 1946, Nick's father, Anthony established a painting and decorating business that has evolved into the remodeling company that Callahan & Peters, Inc. is today. Nick Peters took over the business after his father's retirement, and shifted the company's focus to remodeling, with an emphasis on cabinet making and corian fabrication.

David Callahan joined the family by marrying Nick's sister in 1986. David had previously worked in the remodeling and construction industry in the Chicagoland area since 1970. David and his wife started their own remodeling company in 1986, and their company merged with Nick's company in 1998 to become Callahan & Peters, Inc.

This established family business has been proudly serving the North Shore communities since 1946, and are excited to be partnering with Age in Place (AIP) Custom Builders.
