

HARWINTON, CT, September 13, 2013 **/24-7PressRelease/** -- CAL Business Solutions Inc, a [Connecticut Microsoft Dynamics ERP software partner](#), is happy to announce that Dave Page has joined the company as a Dynamics GP Implementation and Support Consultant. Dave will work with the [implementation and support of Microsoft Dynamics GP 2013](#) as well as support for existing customers on older versions.

Dave brings over 10 years of experience in application support, SQL server and data warehousing to CAL Business Solutions. Most recently he was the supervisor of a support department for a proprietary software company.

Dave says regarding his new role: "I look forward to my role at CAL because I will be able to wear many different hats and work with a variety of companies across many industries."

Steve Brown, Project Manager at CAL Business Solutions comments: "Dave brings a depth and breadth of technical and application experience to the table. This will help him effectively work with our client's needs."
