COLLINGWOOD, ON, September 13, 2013 **/24-7PressRelease/** -- Collingwood's healthy lifestyle shopping centre located along Highway 26 - has reached full occupancy bringing the total number of both retail and professional services to 25.

"We've always been confident this centre would be popular for new businesses, expanded operations and relocations because of its location" said Andres Paara, broker, Royal Lepage Locations North, Brokerage. This is one of the best areas for visibility to the thousands of residents and tourists who drive by and through Collingwood daily.

"With Collingwood poised to witness tremendous growth over the next few years, there's no doubt that these businesses will see more and more foot and car traffic," continues Paara.

According to many of the tenants, Cranberry Mews is a popular choice for business because of its proximity to a main highway, ample free parking and ease of access. Even more appealing is that Collingwood is a vibrant, growing four-season community.
