"Automated AP Workflow: The Cure for Chaos," will take place on Tuesday, September 24, 2013 at 2:00 PM ET/11:00 AM PT.

AP departments often experience bottlenecks when it comes to invoice approval. Removing those bottlenecks can lead to greater efficiencies, accelerated process cycle times, and larger discount capture. This Webinar shows how an automated AP workflow solution can help companies manage, review, and re-route up to 95% of incoming invoices without ever requiring a processor look at them.
