NOVI, MI, September 13, 2013 **/24-7PressRelease/** -- Red Level Networks, a premier Michigan-based IT solutions provider, is proud to announce their selection to the 2013 Inc. 500|5000 list of the fastest-growing private companies in America. This achievement marks Red Level Networks' 3rd consecutive award as an elite company in the nearly 7 million private, employer-based companies in America. Selection to the 500|5000 list is a step toward becoming the future of America's most successful companies. Red Level Networks was selected as #3344 in 2013 which was reflective of a 94% growth from 2010. Additionally, Red Level achieved the position of #81 in Top Michigan Companies and #54 for Metro Detroit Area for 2013.

David King, founder and president of Red Level Networks, set out to create a fast growing and best of class IT service organization. "We are honored to be included in the Inc. 500|5000 list for our third straight year." said David King. "Red Level Networks has transformed how companies view and implement IT Solutions. Our continued success and growth are the result of our customer's achievements and the adoption of our technology solutions which improve their ability to compete in the global marketplace. This accomplishment exemplifies our passion, diligence and commitment to our customers".

Inc. Magazine, a premier business print publication for more than 30 years, the Inc. 500 list was introduced in 1982 with expansion into the Inc. 5000 in 2007. Companies named to the list in the past include; Microsoft, Vizio, and Timberland.

The Annual Inc. 500|5000 Conference and Awards Ceremony will be held October 10-12, 2013 at the Gaylord National Resort and Convention Center in Washington, D.C. Here, selected companies will be recognized for their contributions and business success.
