

DESTIN, FL, September 14, 2013 **/24-7PressRelease/** -- Dr. Richard E. Corley of Emerald Coast Dental in Destin, FL knows a thing or two about both family values and dentistry. He has a beautiful family of dental assistants and hygienists that make up his wonderful team and has been practicing cosmetic and restorative dentistry for over 20 years. Dr. Corley is proud to offer his family friendly services to new patients in the area.

Family dentistry includes everything from general procedures, like fillings and cleanings to more complex issues, like root canals and braces for kids. The family dentist cares for people of all ages, from toddlers to their grandparents. For kids, the main goal is to prevent dental issues from occurring later on in life. For adults, the main goal is fixing persistent problems and preserving the overall condition of the teeth and gums. The sooner the issue is caught, the better.

Dr. Corley is a family dentist that Destin residents can count on. He provides a wide variety of services to his patients of all ages, including maxillofacial surgery, scaling and root planning for periodontal patients, and cosmetic contouring of the teeth. He is committed to assuring that his patients of all ages maintain healthy, clean, straight, pearly white teeth.

The Emerald Coast Dental Experience-New patients to Emerald Coast Dental receive an initial oral examination, including X-rays and a visual review of the teeth. The Destin dentist will then suggest a plan of action, such as veneers, crowns, implants or Invisalign for orthodontic needs.

Dr. Corley knows that it takes more than a chair and an "open for business" sign to make a dentist practice a family-oriented dental office. He cares about providing a comfortable, convenient experience for his patients. His gentle touch, wide selection of services and needle-free anesthetics for patients who don't like needles set him apart from other dentists in the area.

"My first commitment is to the comfort and satisfaction of my patients, which are mostly children and their parents. The atmosphere of my office is very relaxed -- you're sure to find a friendly face smiling back at you each time you walk in the door," said Dr. Corley, a Destin family dentist.

Dr. Corley is happy to accept new patients at his family dentist Destin location on Emerald Coast Parkway. Families are encouraged to call or visit his website at <http://www.destindental.com> and click "Request

an Appointment."
