Written by Australian Business

PHOENIX, AZ, September 15, 2013 **/24-7PressRelease/** -- Writer, producer, filmmaker and visionary Ronna Prince devoted three years of her life to make Sacred Journey of the Heart, a ground-breaking film documenting the science, spirit and healing capabilities of the heart. The film sets out to prove that we are all connected to each other and the earth around us.

Here's what Bob Proctor from the hit film The Secret had to say about Prince's film, "Your film is phenomenal in creating the awareness of who we are, what we are and the relationship to the whole scheme of things. When people see it, it will provoke them to really begin to think about how interconnected we really are".

Prince's enlightening documentary provides a wealth of tools, techniques and information on how to heal, forgive, trust and, ultimately, inspire people to become more connected and attuned to heal their hearts.

The screening will take place at Mile High Science of Mind Church on Saturday September 28, 2013 from 7-9 PM followed by a Q and A with Ronna Prince and Rev. Cynthia James. Both are teachers from the film.

Additionally there is a "Radical Forgiveness Ceremony Sunday " September 29th from 2:30-4:30 pm at the Full Moon Bookstore located at 9106 W 6th Avenue Lakewood, CO 80215. Tickets are available at the bookstore or online at:
