Written by Australian Business

SAN FRANCISCO, CA, September 16, 2013 **/24-7PressRelease/** -- A frequent shopper at the Bayfair Center in San Leandro can't help but notice the preparations for the haunted house there. Fear Overload Scream Park, as ranked one of the top 13 haunted houses in the nation by the largest haunt reviewing website, HauntedAttractionMagazine.com, has taken over their home at Bayfair Center. Now spilling into every corner of the mall, Fear Overload Scream Park has clearly been expanding. Fear Overload's producer, Nathan Polanco, explains "We've unleashed a whole new set of jaw-dropping props and sets at Bayfair Center. And even that's just a teaser for what's inside." One of the props Polanco refers to is Fear Overload's elevated grim reaper wielding a ten foot scythe. With a twenty foot wing span that overhangs the mall's center court, "Bayfair has a new king," Polanco says.

Fear Overload Scream Park is open on most nights from September 28th through November 2nd from 7pm to late. A complete schedule of dates and times is available on the website.

"This year, we've gone all out. We've invested over half a million dollars to make Fear Overload California's most breath-taking haunted house," Polanco boasts. In addition to the newly revamped haunted houses, Fear Overload opens their third attraction for 2013 called Epilepsy, a laser light show. "This October, we'll be hosting probably Northern California's most outrageous light show. We've purchased and rented so much lighting equipment that it's ridiculous. But no matter; it will be the best." Epilepsy is open on select nights and times this October 2013.

Fear Overload's haunted houses are claimed to be 'R' rated and only suitable for mature audiences. Please be warned to enter at your own discretion. For more information, please visit Fear Overload at <http://www.fearoverload.com> or call (510)730-2221.
