NASHVILLE, TN, September 16, 2013 /**24-7PressRelease**/ -- The Nashville-based firm of Kinnard, Clayton & Beveridge is pleased to announce that

[Daniel L. Clayton](#)

, has been selected by his peers for inclusion in The Best Lawyers in America 2014. Specifically, he has been recognized by Best Lawyers in the following practice areas:

* Medical Malpractice Law.* Personal Injury Litigation.* Product Liability Litigation.

Interestingly, this is not the first time Mr. Clayton has received this distinguished honor. In fact, he has been listed in Best Lawyers since 2010. In addition, Best Lawyers granted him the title of "Lawyer of the Year" in 2012.

Published for nearly 30 years, The Best Lawyers in America is one of the top legal guides for attorneys throughout the nation. Inclusion in Best Lawyers is based solely on peer-review nominations and voting - meaning, those listed have earned the respect and admiration of their colleagues in the legal field.

Being included in this year's list likely comes as little surprise to the clients of Mr. Clayton as they have long been aware of his skills as an attorney, as well as his devotion to their best interests. For instance, Mr. Clayton is certified as both a Medical Malpractice Specialist and a Civil Trial Specialist by the Tennessee Commission of Continuing Legal Education and Specialization - two credentials that have been attained by only a handful of Tennessee lawyers.

The attorneys at [Kinnard, Clayton & Beveridge](#) have been committed to providing excellent service to the injured since 1977. They are not only talented personal injury attorneys, but also have extensive experience pursuing more specialized injury claims such as those related to medical malpractice and products liability.
