

SAN DIEGO, CA, September 17, 2013 /24-7PressRelease/ -- [Jackson Design and Remodeling \(JDR\)](#), a leading design-build remodeling company in San Diego, today announced a partnership with [SieMatic Cabinetry](#) to offer the high-end modern line of custom cabinetry to its San Diego clientele.

SieMatic, founded in Germany in 1929, has built its reputation by perfecting quality and constantly expanding its repertoire. In 1960, SieMatic launched the world's first handle-free kitchen and has been innovating ever since. SieMatic is renowned for high-quality materials, precision workmanship and stringent quality control, resulting in products that still look like new after many years. The aesthetic appearance and functional quality of every SieMatic element contributes to the nuanced detail that transforms an ordinary room into a memorable space, custom made for your lifestyle.

"SieMatic is one of the most exclusive custom cabinet manufacturers in the world and is renowned for its ultra-modern, sleek design," said Todd Jackson, president of Jackson Design and Remodeling. "They represent the best in quality and we're proud to offer their line to our clients."

[SieMatic Cabinetry](#) is now on display in the 8,000-square foot Jackson Design and Remodeling Design Center. To schedule an appointment, visit our website at www.JacksonDesignandRemodeling.com or call 619-442-6125.

About Jackson Design and Remodeling Jackson Design and Remodeling has been serving the San Diego community for more than 20 years with high-end bathroom remodeling, kitchen remodeling, whole home remodels, room additions and other specialty home redesign projects. Todd Jackson, President and CEO, has established an enduring tradition of quality and service in the remodeling industry. Jackson and his team have won numerous awards for their work, including over 40 COTY awards, dozens of Chrysalis, ASID, NKBA and Master Design Awards as well as three consecutive Better Business Bureau Torch Awards for Marketplace Ethics.
