

ATLANTA, GA, September 17, 2013 **/24-7PressRelease/** -- Ombre hair has been a popular trend over the past few years. Ombre hair is essentially tri-colored: the roots are dark, the ends are light (generally reddish or blond tones), and the rest is somewhere in between. Model/actress Erin Wasson, actress Rose Byrne, Nicole Richie and other celebrities have sported the look.

Ombre is a French word that means "shadow" or "shade." You will often see it in the names of French eye shadows. It is used to describe the process of dying fabric to produce a gradation of color that goes from light to dark.

are a great choice. The ombre look works with just about any texture or color of hair. You can use muted colors for a more nuanced look, or bright and dramatic colors for a punk look for a night on the town. The ombre look works best on mid-length and long hair.

Dafina Smith, CEO of Sunny's Hair & Wigs, says, "Hair extensions are a great way to achieve the ombre look because you are not damaging your hair with constant highlighting, and you can experiment with various shades and lengths until find the look you like. You can also change it up depending on the occasion and your mood." Sunny's sells a wide range of the best quality [human hair extensions](#).
