

BOCA RATON, FL, September 18, 2013 /**24-7PressRelease**/ -- Regency Court Dental, a [24-7 emergency dentist](#)

office located in Boca Raton, Florida, has a new way to help people smile now that it has added an app for Android and IOS phones. The app allows patients to schedule emergency and non-emergency dental appointments directly from their smart phones. Once downloaded, the app also has a feature for appointment reminders that connects to the calendar system of the smart phone. There is even a tab on the app for specials which offers new patient discounts and coupons.

[Regency Court Dental](#), lead by Dr. Naved Fatmi, provides a full scope of dental care services that include emergency dentistry, [cosmetic dentistry](#), comprehensive dentistry, restorative dentistry, emergency dental care, plus much more. Dr. Fatmi has built his practice on one simple premise: Provide every patient with optimum lifetime dental care.

"As part of our continuing commitment to all of our patients, we have created this app to make it easy for each patient to reach us at any given moment, especially in a dental emergency, for all their oral health care needs", said Dr. Naved Fatmi. "The app is designed to be just as welcoming as dealing directly with the Regency Court Dental staff and is user-friendly. Browsing through the app can provide you with the details you need to schedule an appointment," further explained Dr. Fatmi.

Dr. Naved Fatmi provides excellence in dental care and is a member of the American Dental Association (ADA) as well as the Florida Dental Association. Dr. Naved Fatmi and his highly skilled team can handle a wide range of [emergency dental](#) needs and restore smiles back to their previous condition by applying several different Restorative Dentistry techniques like Crown & Bridge and Dental Implants for single and multiple missing teeth. The practice also offers "Lifetime Dental Care" which is a program designed to adjust and grow with patients as their needs change. This unique approach to comprehensive dentistry can be applied to individuals as well as whole families.

Additional information about Regency's dental app and emergency dental care from Dr. Naved Fatmi is available at www.RegencyCourtDentistry.com
