

CHICAGO, IL, September 19, 2013 /**24-7PressRelease**/ -- [4Medapproved](#), the industry leader in healthcare information technology education, is pleased to announce an alliance with [Medical Mastermind](#), one of healthcare's fastest growing and successful specialty focused EHR and PM solutions, designed by physicians for physicians.

This strategic partnership will offer clinicians and practice managers in the Medical Mastermind provider network, discounted and high quality online training relating to health information technology and compliance in areas that benefit their continuing educational needs. Major compliance deadlines are looming with the recent HIPAA Omnibus regulation and ICD-10 transition in 2014 and this will allow Medical Mastermind to aid the medical community in meeting these requirements.

"We are very pleased to partner with Medical Mastermind, an industry leader in Practice Management and Electronic Health Records solutions. 4Med appreciates the opportunity to expand its mission to provide education as a key component in the ongoing and meaningful use of technology in healthcare." said Wendy Whitmore, CIO of 4Medapproved. "This alliance will allow Medical Mastermind to offer essential HIT and compliance training to their growing clinical community."

4Medapproved delivers [online courses in Meaningful Use, HIPAA, ICD-10](#) among others. The courses are designed to meet the needs of busy healthcare professionals with practical lessons that apply to real-world health IT and compliance issues. The 4Med educational design incorporates the unique 10/10/10 learning method delivering 10 minute text lessons, 10 minute audio/video multimedia content, and 10 question assessments which result in a cumulative exam for maximum content retention. All courses are modular, allowing students to learn at their own pace from any location.

"With 4Med as a partner, we can provide medical professionals, both clients and not-yet clients, with access to the information and education they will need to adopt ICD-10, meaningful use and other industry topics with the least amount of frustration," said Michelle Boucher, Director of Marketing for Medical Mastermind. "Any physician take these courses through our web site at the Medical Mastermind discounted rate. You don't have to be a client. There is still time before the Omnibus deadline to take the necessary courses. You just need to sign up on our web site."

About 4Medapproved 4Medapproved is the leading provider of HIT education, offering self-paced online courses in Meaningful Use, HIPAA compliance, ICD-10 coding, EHR proficiency, and more. 4Medapproved makes these courses available through an extensive

network of partners. 4Medapproved education partners include Rosalind Franklin University of Medicine and Science, leading EHR vendors, numerous National Medical Associations, Professional IT Networks and HITX, a consortium of AHIMA, HL7, ANA, and others. All courses have been reviewed and approved by the 4Med Medical and Technical advisory boards and are accredited for nursing and/or coding CEUs and college credit. The 4MedPlus Corporation is headquartered in Chicago, IL.
