

BOLTON, ENGLAND, September 19, 2013 **/24-7PressRelease/** -- A range of products, from an 8GB USB drive at just GBP6.51, to the latest Samsung tablet PC with Windows 8 and fast 64GB SSD drive at GBP599.98 - and plenty more in between - have been specially chosen by the online electrical retailer's buyers as being essential gear for anyone embarking on student life and wanting to make sure that they're equipped with the latest and best technology to help them in their studies.

And they are all now being featured on a dedicated page on the dabs.com website, at <http://www.dabs.com/articles/landingpages/landing-pages/student-stuff-12464.html>, from where full product descriptions and technical specifications can also be checked out, so the 'bank of mum and dad' can be happy that their offspring are getting the best equipment for their studying needs.

Handy and eminently portable products on offer include a range of Lexar USB 3.0 JumpDrives, offering between 8GB and 128GB of storage on a plug-in key-fob sized device which can be carried anywhere. At between GBP6.51 and GBP64.99, dabs.com has the solution for storing even the most massive amounts of university course work.

But of course, being at uni or college is also about the social life, and with the Creative Airwave Wireless Bluetooth speaker, for just GBP69.99, any student can be sure of being able to bring the sounds which will kick off any party.

On www.dabs.com right now, there is also a comprehensive collection of laptops and notebooks, most of which are eligible for free delivery. This is available on all items over GBP299, and typically takes one to three working days.

But anyone who is in a hurry to get their hands on their new equipment before they head off to university can also have their orders delivered on a specific day such as the next working day, or even before noon next day, for a little extra. Full details are available on the delivery charges pages of the dabs.com website.

"Equipping a student with everything they need to get them through their time at university is an expensive business," said Neil Wood, Product Manager.
