

Mendham Garden Centers Launches Customer-Centered Website

Written by Australian Business

MENHAM, NJ, September 25, 2013 **/24-7PressRelease/** -- Mendham Garden Centers is expanding beyond its three physical locations in Mendham, Chester and Annandale, New Jersey with a new online presence designed to offer customers lawn and garden care solutions and advice at <http://www.mendhamgardencenter.com>.

Homeowners in Central New Jersey may already know of the service and experience that MGC provides them, but the website expands upon that, outlining the full range of products available. Whether small farms need fencing or feed or a family is looking to build out a patio to enjoy next spring and summer, Mendham Garden Centers offers a lot more than just perennials and annuals.

That expands on a number of offerings for people looking to liven up their lawns and gardens. We have mulch and fertilizer for long-lasting and healthy grasses and plants. With fall already here, customers should check out our leaf blower and mower lineups to make sure that they are ready for the frosts and winter weather Central Jersey homeowners will see in the coming months.

Mendham is also building out our Gardening Guide and blog for tips that homeowners can use to improve their outdoor living plans in this year and moving into next spring. Of course, if customers have further questions, our experienced staff are available to provide tips on what flowers will work best with your needs, or what paver options make sense for your application with our certification from the Interlocking Concrete Pavement Institute.

Visit <http://www.mendhamgardencenter.com> to learn more. For an in-person consultation, drop by any one of our three locations:

MendhamRoute 24, Mendham, NJ(973) 453-4187

ChesterRoute 206, Chester, NJ(908) 879-5020

AnnandaleRoute 31, Annandale, NJ908-730-8008

About Mendham Garden Centers

Beginning in 1960, Mendham Garden Centers has worked with Central Jersey lawn and garden consumers to find the right products and solutions for their outdoor living areas. With locations in Mendham, Chester and Annandale, MGC staff have decades of experience working to solve local home and garden needs with a variety of products ranging from deer control to pavers beyond its offerings of shrubs, bushes and various plants.
