

Launch of US GLOBAL MAIL's New Website

Written by Australian Business

HOUSTON, TX, September 26, 2013 /**24-7PressRelease**/ -- The new website of US Global Mail, the leading provider of International Mail and Package Forwarding Services- went live on 10 September, 2013.

The new design reflects the company's commitment to providing quick and easy access to essential information and a visually pleasing interface to users of the site. "It is time to take our web presence to the next level," said Randip Singh, Chief Executive Officer of US Global Mail. "This site reflects our professionalism and dedication to customers best interests, which is at the core of our business model", said Mr. Singh.

Enhancements to the web site include:

- Improved Navigation - lets visitors find the information pertinent to their segment with an intuitive navigation and a standardized menu structure.- Clean User Interface - allows visitors to easily access in-depth information about service and plan options best suited to their needs.- Improved Display - customers can find all features displayed in an intuitive and user friendly format.

The website boasts a modern, colorful design and is optimized to meet the needs of three main segments - 1) American Expats and other individuals needing forwarding of postal mail and packages overseas;2) Corporates and Relocation companies needing Mail Forwarding Solutions for transferees; 3) Small businesses overseas wanting to distribute goods in the US.

An intuitive "I am interested in solutions for..." section allows direct access to information for users in the segments, for e.g. Expats, Relocation Companies, International Shoppers, Overseas retirees etc.
