

DALLAS, TX, September 26, 2013 **/24-7PressRelease/** -- The Law Offices of Frank L. Branson proudly announces that firm founder Frank L. Branson again is being honored by the publishers of Texas Super Lawyers as one of the state's Top 3 attorneys, while firm member Quentin Brogdon is recognized as one of the Top 100 lawyers in Texas.

The 2013 honor marks the second consecutive year that the practicing attorneys in Texas have voted Mr. Branson as one of the Top 3 lawyers in the state. For the past seven years he has been in the Top 10, and from the first Texas Super Lawyers vote in 2003 he has been in the Top 100.

Mr. Brogdon is a veteran trial lawyer who has appeared in Texas Super Lawyers annually since 2003. Board Certified in Personal Injury Trial Law by the Texas Board of Legal Specialization and certified in Civil Trial Advocacy by the National Board of Trial Advocates, Mr. Brogdon represents clients against powerful corporate defense teams in cases involving dangerous products and reckless conduct and negligent practices.

Mr. Branson says, "It has been an honor to represent personal injury and business clients who have been terribly wronged. I've always believed our clients deserve lawyers who care."

The annual Texas Super Lawyers list is based on nominations solicited from the more than 70,000 practicing Texas lawyers. A blue-ribbon panel of attorneys assists with final selections, and less than 5 percent of all Texas attorneys earn the honor each year. This year's list is published in the October 2013 editions of Texas Monthly and Texas Super Lawyers magazines, and is available online at <http://www.superlawyers.com>.

The Law Offices of Frank L. Branson maintains a reputation for courtroom excellence based on significant verdicts and settlements for clients in high-stakes personal injury cases and business disputes. The firm's record verdicts and recoveries stem from cases involving trucking and transportation accidents, dangerous and defective products, construction accidents, commercial plane crashes, explosions and burns caused by gas and electric power utilities, medical negligence, workplace catastrophes and business disputes.

The Law Offices of Frank L. Branson represents clients in cases involving complex product liability, transportation injuries, catastrophic injury, commercial air crashes, professional negligence and business torts. Visit <http://www.flbranson.com> to learn more.
