

Dentist in Pompano Beach Goes Mobile

Written by Australian Business

POMPANO BEACH, FL, September 26, 2013 **/24-7PressRelease/** -- At All Smiles Dental, Dr. Natalia Stadler, dentist in Pompano Beach, is pleased to announce that her practice is now offering a mobile version of its website. The new mobile site is optimized for viewing on smartphones and tablet devices to eliminate the slow loading times of traditional websites on these devices.

"I'm happy to be able to offer the new mobile site to our patients. I know that more and more people today are using their mobile phones to access the Internet and I'm glad that our website is designed to fit with those devices. I hope that our patients that use smartphones and tablets will access our site in this way," said Dr. Natalia Stadler, dentist in Pompano Beach, FL.

Since 2004, mobile searches have quadrupled and that number will only go up in the future. By 2012, more people began to use their mobile phones than PCs to connect online, and by 2015 there will be one mobile device for every person on Earth. Because of these statistics, Dr. Stadler of All Smiles Dental wanted to jump into the mobile field and be assured that his patients would be able to view his site from their mobile or tablet devices.

Since mobile devices download data at a slower speed and have smaller screens, normal websites that are heavy with Flash content can be extremely slow to load and sometimes cannot fully load properly. All Smiles Dental's new mobile site has eliminated or modified content that is slow to load and redesigned the functionality of the site to be optimized for a mobile or tablet screen.

Patients who access the mobile website for Dr. Natalia Stadler will be able to make use of all of the features of All Smiles Dental's full website. From office location, hours and staff bios to a full list of services offered, patients will find a wealth of information about Dr. Stadler and her dental practice online.

To make the patient experience even easier, Dr. Natalia Stadler is offering an easy to use online appointment scheduler. Patients simply need to select the date and time that they wish to come in to the office for an appointment and the office's scheduling coordinator will follow up to confirm the appointment shortly thereafter.

Through the availability of a mobile website, Dr. Natalia Stadler further showcases her dedication to providing patients with superior dental health care. From routine cleanings to dental implants in Pompano Beach, All Smiles Dental has it all.
