

## CWNP To Offer \$800 Discount On Wireless Design Training

Written by Australian Business

---

DURHAM, NC, September 26, 2013 **/24-7PressRelease/** -- CWNP, LLC (Certified Wireless Network Professional), has announced it will offer its wireless design course, Certified Wireless Design Professional (CWDP ), in partnership with Eight-O-Two Technology Solutions for a discount of \$800 off the regular price. This training will be offered Tuesday, Nov. 12 through Friday, Nov. 15 and will be held in Durham, NC.

The CWDP certification is a vendor-neutral, professional level, wireless LAN designation. This vendor-neutral Wi-Fi certification ensures that IT professionals have the skills necessary to successfully design Wi-Fi networks for a variety of different applications, deployments, and environments. This certification is highly transferrable and is applicable to any brand of wireless equipment.

The four-day course will run daily from 8:30 a.m. EST to 4:30 pm EST. This course will provide attendees the hands-on skills necessary to design a high-performing, reliable, and secure enterprise wireless network. It is necessary that all attendees have a base knowledge equal to the CWNA or CCNA-wireless certifications. All attendees will receive a copy of the official Sybex CWDP Study Guide, the official CWDP course book, one practice test, and a voucher for the official CWDP certification exam.

This course, which is normally three days, has added an optional fourth day for content review and on-site Pearson VUE exam testing to help assist in the achievement of the CWDP certification. Anyone who passes the exam will leave with their CWDP certification kit.

The course will be taught by Robert J. Bartz, CWNT and author of the CWTS Official Study Guide. Bartz has more than 20 years of experience as a practitioner, mentor, and classroom instructor. He holds multiple certifications including the CWNP Certified Wireless Network Expert (CWNE ), Novell MCNE and MCNI, and Microsoft MCSE and MCT. Robert is the founder of Eight-O-Two Technology Solutions, LLC, a CWNP Learning Partner and a leading company in network training and consulting.

This is a special training course that is being offered exclusively through Eight-O-Two Technology Solutions in partnership with CWNP. This course is being offered for the discounted rate of \$1,995. That's \$800 off the regular course price. Please note, the class size is limited. Only 15 people may attend. Registration is on a first come first serve basis. To sign up, visit <http://www.eightotwo.com/nccwdp.htm>.
