

ATLANTA, GA, September 26, 2013 /**24-7PressRelease**/ -- The housing market in Atlanta is steadily improving, but there is still a great selection of fixer-upper homes waiting for the right buyers who are able to devote the time, money and energy into renovating them.

The [Atlanta countertops](#) fabricators at Craftmark Solid Surfaces believe that purchasing a fixer-upper house can be an excellent investment for a family who wants to personalize their home from the ground up. They recommend looking for a property that has excellent structural bones and then adding the features you desire.

One of the most effective upgrades homeowners can do is to update the cabinets and countertops throughout their new home. New cabinetry instantly can modernize a space, while simultaneously helping to provide more efficient storage options. Likewise, adding [Atlanta granite countertops](#) instantly provides a timeless sense of style and elegance.

The kitchen and bathroom are obvious choices for upgrading with new Atlanta quartz countertops, but creative fixer uppers also add them to bar areas, entertainment spaces, laundry rooms and even mud rooms.

"Renovating a fixer upper is the perfect opportunity to include every feature you have ever wanted in your home," says Melinda Pulliam, Director of Marketing at Craftmark Solid Surfaces. "We have seen so many different creative solutions for making day-to-day living more convenient from homeowners who are customizing their new homes. The sky is truly the limit on what you can do to make your fixer upper reflect your needs and desires."
