

Eventrics Weddings Highlights Cover of International Magazine

Written by Australian Business

ORLANDO, FL, September 27, 2013 **/24-7PressRelease/** -- Eventrics Weddings is delighted to have their work featured on this month's cover of the international Indian magazine, Desh Videsh! The September 2013 edition was published earlier this month and is the largest exposure Eventrics Weddings has received since launching into the wedding market. The cover and article highlight the destination marriage celebration of a Chicago couple that Eventrics Weddings had the privilege to plan earlier this year in May.

In an effort to embrace weddings of all cultures, Eventrics Weddings expanded their services to include South East Asian ceremonies just over 14 months ago. The traditions for these multi-day wedding events are vastly different than those of an American wedding.

"We were thrilled to exceed the Bride and Groom's expectations and overwhelmed with the positive response from this wedding. We appreciate the tremendous production on the part of all vendors that worked on this wedding and Desh Videsh for acknowledging us in their outstanding magazine spread," said Brittany Ellis, Eventrics' lead wedding planner. The May wedding at the Ritz Carlton Grande Lakes Orlando was designed by Occasions by Shangri-La and photographs for the spread were taken by Jensen-Larson photography. The issue is available online at <http://www.deshvides.com>. Eventrics Weddings will be exhibiting at My Shadi Bridal Expo presented by Desh Videsh on Sunday, September 29, 2013 at Gaylord Palms Resort.
