

## Dentist In Sun Prairie, WI Shares Patient Testimonials Online

Written by Australian Business

---

SUN PRAIRIE, WI, September 28, 2013 /**24-7PressRelease**/ -- In the interest of transparency, Wisconsin Dental Solutions is adding a testimonials page to their site. "We love our patients and are confident that we provide excellent service," said Dr. James Amstadt, Sun Prairie dentist. "It is our hope that people in the Sun Prairie community will get an insider's view of our practice by reading patient reviews."

The practice includes two doctors: James Amstadt, DDS and Marcie Yang, DDS, MS. Both dentists are experts in cosmetic dentistry. Some of the more complex surgical procedures include jaw alignment or reconstruction, wisdom tooth removal, cleft lip closure and full-mouth restoration. The practice offers some of the most advanced technologies in the Madison area, making Wisconsin Dental Solutions the ideal place for cosmetic dentistry in Sun Prairie.

More common procedures, such as fillings or cleanings, are a breeze. "Very friendly, helpful and courteous," said one patient. "It didn't seem like I was at the dentist, they made things so comfortable for me."

Patients also walk away confident and happy from more complex procedures such as implants. Implants involve placing a screw-like pin into the jaw. The procedure keeps false teeth secure and restores smiles in a way that feels more natural to the patient. The procedure can be intimidating, but getting an implant at Wisconsin Dental Solutions is not.

"Words are not sufficient to express the happiness I felt the day Dr. Amstadt gave me my implant," said an implant patient. "His team of associates are all A+ in my book. The best part was no pain and no discomfort from the first day."

Wisconsin Dental Solutions is available for all dental needs. "It would be great to have enough reviews to fill a book," said Dr. Marcie Yang. "It's important to know that our patients are happy with our work." To read more reviews, patients can visit the Wisconsin Dental Solutions website at <http://www.dentalsolutions4you.com>. For additional information, patients can visit the same web address or contact the office at 608-834-6321.

About Wisconsin Dental Solutions: James Amstadt, DDS opened the specialized Sun Prairie dental practice in 2001 but has served the Madison area for over 30 years. He is an accomplished cosmetic dentist offering advanced restoration practices to his patients. Dr. Amstadt received his Doctor of Dental Surgery from the University of Minnesota School of Dentistry.
