

BERN, SWITZERLAND, September 29, 2013 /**24-7PressRelease**/ -- Excellence-public.ch is delighted to announce the new version of its website

<http://www.excellence-public.ch>

. Excellence-Public is an government initiative to optimize public services in Switzerland.

The main categories are:- Modernization of public services- New Public Management (NPM)- Quality Management

The Excellence Challenge is open for all companies in the public sector. Companies can also be recommended.

The price has been created to generate more PR for public companies and to help them achieving public attention for their projects.

The goals of this challenge are:- Public awareness- A reward for excellence in public services- Help with fundraising for public projects

Excellence-public.ch is a website dedicated to the Excellence initiatives. We aim to inform the general public and the public sector.
