Written by Australian Business

ORLANDO, FL, September 29, 2013 **/24-7PressRelease/** -- Travel To Go, a leading provider of travel services and vacation club products, reaches a new membership milestone with 60,000 members.

The San Diego based travel club attributes the increase in membership to adding additional distributors to its network, an increase in the use and sales of timeshares, and incorporating more destinations and properties into its growing portfolio.

"We are growing our membership base steadily. Not only is the Vacation Club concept gaining more traction but we also have some excellent relationships with quality distributors who are getting the word out to prospective members about the advantages of Travel To Go." Said Tommy Middaugh, Vice President of Travel To Go.

Committed to focusing on the expansion of its distribution network, Travel To Go continues to receive positive feedback from existing distributors for its levels of support and service. Working as a united business entity, the family owned travel club and its distributors develop a seamless transition for new members, providing them with the legendary 5-Star Service Travel To Go has become known for.

According to the most recent statics from the American Resort Development Association (ARDA), timeshare sales are up 6 percent from 2011 to 2012, showing a steady increase in sales since 2007; and Travel To Go's diverse portfolio of product offerings help to meet the demands of the growing timeshare market.

"As the demand for vacation options increases, so must the supply. Travel To Go continues to work towards meeting this growing demand by adding new destinations and properties to its already global choice of vacation possibilities, "said Jeanette Bunn, President and CEO, Travel To Go.

Travel To Go has been operating the family owned business since 1990, arranging luxurious vacation resort accommodations for vacationers worldwide. Recognized as an industry leader, Travel To Go offers a line of services that include private label solutions for companies that want to provide additional benefits to their existing members, as well as standalone travel products.
