

MANCHESTER, ENGLAND, September 29, 2013 /**24-7PressRelease**/ -- 'Passe Passe' are one of the most successful juggling companies in France and their store is the largest in the country. Offering a huge product range to catch the eye of anyone looking for a new and exciting hobby, 'Passe Passe' are dedicated to making juggling a trendy pastime for any youngster.

Products range from a variety of juggling balls, in a number of sizes (to cater for varying levels of expertise) to diabolos, torches and fireballs. With product lines more exciting than ever before, customers are able to purchase juggling supplies complete with LEDs, glitter and UV glow features! The website also boasts a variety of other circus props such as unicycles, stilts and trapeze equipment to ensure juggling as a hobby has never been so exciting!

The company pride themselves on shipping out quality products with exceptional service and speed of delivery and also boast an incredibly user friendly website, with categorised products into levels of expertise, ages and sizes. In addition to this, they have a page dedicated to performance products. Once a hobby has begun, customers can rely on Passe Passe to provide them with every essential juggling resource that they require as they progress in confidence and skill!

Established 1993 in France, 'Passe Passe' have recently launched in the UK. They sell an extensive range of juggling equipment for novices through to experts, along with a range of DVDs and books to support new jugglers in their quest to master the hobby. To find out more please visit the official website at <http://www.passepasse.com> or the twitter page @Passepassecom to get involved.
