

Rob Amoroso Joins CAL Business Solutions as Dynamics GP Implementation and Support Consultant

Written by Australian Business

HARWINTON, CT, September 30, 2013 /24-7PressRelease/ -- CAL Business Solutions Inc, a [Connecticut Microsoft Dynamics ERP software partner](#), is happy to announce that Rob Amoroso has joined the company as a Dynamics GP Implementation and Support Consultant. Rob will work with the [implementation and support of Microsoft Dynamics GP](#) and Microsoft SQL Server.

Since 2005 Rob has worked with all aspects of Microsoft SQL including implementation, development and support. His experience also includes computer repair, application support and ETL programming. He will assist Dynamics GP clients with technical support and implementation. Rob says regarding his new role: "I feel confident working with CAL Business Solutions because they are a stable company, with a dedicated group of clients."

Steve Brown, Project Manager at CAL Business Solutions comments: "Rob has a strong technical background that will add value to our clients and also support our internal CAL systems to help us be more productive."
