

Spring Branch ISD Chooses StratITsphere for Colocation Solutions

Written by Australian Business

HOUSTON, TX, September 30, 2013 /**24-7PressRelease**/ -- Spring Branch ISD evaluated several Data Centers, but ultimately turned to StratITsphere because of their ability to create a customized colocation solution with incredible expediency. StratITsphere was able to, in a very short period of time (2 weeks), provide a contract which satisfied SBISD's requirements, alleviate startup costs, provide flexible billing, reduce monthly fees, prepare the equipment cage and have it ready to go for server installation and production.

"Everyone at StratITsphere - from operations to the executives - has gone above and beyond to meet our needs. Their customer service has been phenomenal! Problems always arise regardless of how much you plan, but StratITsphere's quick attention to detail and their responsiveness helped ensure a smooth transition into their data center." --Wes Hargrove, IT Director for Spring Branch ISD.

StatITsphere's Data Center services comes with a 100% Uptime SLA (Service Level Agreement), are flexible, highly secure, and highly scalable. Within a 2 week period, StratITsphere was able to provide connectivity, coordinate vendors, and get a customized cage ready for equipment installation. With systems now fully operational at StratITsphere, Spring Branch ISD has the peace of mind their servers and data are safe in a highly secure facility, and will continue to provide all data services to its students, staff, and community even during power and/or weather emergencies.
